

Introduction

Facebook allows you to share all sorts of things with ‘friends’ (a friend is someone you wish to share content with). Content includes:

- ✓ Links to other websites
- ✓ Photos & Videos
- ✓ ‘Status’ updates (short pieces of text about what you’re doing or thinking)
- ✓ Events
- ✓ Other things you do on social media (for example music you are listening to on music websites)
- ✓ Where you are
- ✓ Businesses, causes or opinions that you like

You can put your own content on Facebook, or you can share something that your friends have already shared.

Uploading your own content

- ✓ Locate the content on your device (i.e. take a photo, find a link etc.)
- ✓ Click the ‘share’ icon (which normally looks like this) 
- ✓ Select ‘Share to Facebook’

When you upload something, you will see a padlock icon. By clicking on this, you can control which of your friends can see the content (all your friends, just your best friends etc).

Sharing Other People’s Content

- ✓ Find something a friend has shared
- ✓ Click “Share” just below it to share it with your friends
